14th January 2015

Re Frederic Mazza

Fredric Mazza was employed as the Food and Beverage Manager at the Union Jack Club from the 28th February 2011 to the 15th September 2014.

The Union Jack Club is a charity for serving and former members of Her Majesty's Armed Forces and their families.

Frederic is a very hard working, passionate and conscientious Manager who was instrumental to the success and development of the Food and Beverage department. His work ethic, attention to detail and management was excellent, with a very natural style and enthusiasm with members and guests.

Through Frederic's time as Food and Beverage Manager over £1 million was invested in the development of the Restaurant, kitchen and creation of an espresso bar, he was an integral part of the management of the project and launch of the each new environment. This has resulted in a 60% increase in restaurant covers.

Frederic's record of achieve and support for the Union Jack Club result in through the past 2 years achieving an excellent grade in his assessment. I am delighted to recommend his.

Yours Sincerely

Simon Atkins
Chief Executive
